FRIDAY, SEPTEMBER 2.
Circle 3 WSCS First Methodist Church will meet Monday morning, September 5, 9:30 a.m., in the home of Mrs. H. O. Miller, Sr. Mrs. Fay Hammons, circle leader.

DUPLICATE BRIDGE CLUB
The Hope Duplicate Bridge Club met Monday night, August 29 at the Hope Country Club, and among the players was one from out of town, Mrs. Sally Hines of Fayetteville.

Winning couples were: First, Mrs. Bill Wray and Mrs. E. J. Young, Jr.; second, Mrs. Emmett Thompson and Mrs. E. J. Whitman; third, Mrs. Marie Hendrix and Mrs. A. K. Holloway.

STUDENT COUNCIL WORKSHOP
The annual summer workshop for the Hope Student Council members was held at the Hope Country Club August 20. A potluck luncheon was served the 20 members attending after which reports were made by the standing committee chairmen. Old and new projects for the coming school year were included in the afternoon's business which the Council President, Larry Don Wright, conducted.

Members who attended state workshop in Conway made reports on their week of activities. Those attending were: Beth Lawrence, local Council Secretary; Dwight Galloway, local vice-president; Susan McCain, sophomore representative; Mrs. B. B. Pherson accompanied this group.

Before adjournment, plans were made for the "Howdy Day" party for the Hope High School newcomers. Mrs. W. A. Williams is the local sponsor.

Coming, Going
Dr. Sally Hines, Fayetteville, has been visiting Mr. and Mrs. E. H. Stewart.

Mr. and Mrs. Harry Hawthorne are in Richardson, Tex., with Mr. and Mrs. Bill Wirske and family.

Mrs. R. T. White visited relatives in Little Rock this past weekend.

Mrs. T. C. Carroll, Garland, Tex., and Mrs. Terry Downs and children, Dallas, were here a few days last week with Mr. and Mrs. Charles Ellis.

On Saturday Mr. & Mrs. Charles Ellis were guests of the Foy Fores and Mrs. M. M. Mitchell in Rosston.

Mr. and J. S. McDowell are home after spending nearly two months in Ft. Worth with their five sons and their families.

Mr. and Mrs. Lawrence Martin, Marshall, Tex., were the weekend guests of Mr. and Mrs. Milton Eason.

Mrs. J. R. Rhodes, Jonesboro, and Mrs. Melba Dooley, Camden, spent the weekend with Miss Aurie Huntley and Mrs. Mary Jaeger.

Simply Got the Sexes Confused
NEW YORK (AP) — New York Gov. Nelson A. Rockefeller couldn't be faulted in New York City when he got the sexes confused.

He was campaigning for reelection Monday night in Greenwich Village before a crowd sprinkled with beatniks. Some of the men wore shoulder-length hair.

When one of the male beatniks asked a question, Rockefeller replied, "Yes, madam." The crowd roared with laughter.

"I'm very sorry, sir," the governor responded when he realized his error.

HOLLYWOOD (AP) — The good words are action, adventure, survival, struggle, even battle and war. But, when talking to a television producer or to an actor with a piece of the show, don't mention "violence." It is television's dirty word.

For the record, there is positively, absolutely no violence at all in any television series. Or, anyway, very little.

When the U.N.C.L.E. men explode an underground Thrush installation that isn't violence. It's tongue-in-cheek action.

When Batman and Robin take on a squad of hoods and fists fly as words like "Bam!" and "Pow!" are superimposed on the screen, that isn't violence. That's camp, kids.

When Marshal Dillon grimly wins the draw, it's raw frontier justice, never violence.

When a "Combat" episode is short of plot, it fills empty minutes by having the U.S. infantrymen and the Germans snipe at each other. Nazi after Nazi clutches his heart and falls face down over a log. That isn't violence. That's war.

If "violence" is a naughty word, "challenge" is a nice one. Anyone connected with a series will tell you he's there, but not for the fame or the money. It's the challenge.

A careful look at the new network schedules suggests that for many, the main challenge has been to work out a format that demands plenty of — well, let's call it mandatory action. Close to half the evening shows are dedicated to fists, guns, explosive charges or, for a change, snarling battles between wild animals.

Actor Andrew Prine, currently playing a man of peace who often — like once a week — is pushed beyond human endurance in ABC's "The Road West," insists that network censors watch carefully the violence content these days.

"I remember doing a 'Gunsmoke' a few years ago that nobody could get away with now," he said. "Before I got killed in the show, I had killed nine people. In fact, I've done three of these shows and never got out of one of them alive."

Wilson Ticks Like a Spring, Beats Orioles

By MURRAY CHASS
Associated Press Sports Writer

Larry Wilson was to be like a defective watch spring: either he was wound up too much, or he wasn't wound up enough.

Now, however, the spring apparently is fixed, and Wilson is ticking accurately and steadily.

The 30-year-old right-hander gained his seventh straight victory and 16th overall Tuesday night as the Tigers edged Baltimore 5-4, handing the American League-leading Orioles their fourth straight defeat.

When Wilson left Boston for Detroit June 13, he took with him a 5-1 record and a 3.83 earned run average. Since then he's compiled an 11-4 mark and a 2.90 era.

Tiger Vice President Rick Ferrell thinks he has the answer to Wilson's last performance that was a few jewels less than 17.

"I remember seeing him several years ago," Ferrell said, "when he had the big kick and the exaggerated windup. He couldn't get near the plate. Then he got the no-windup stance. I don't like this. Guys who go for the no-windup invariably come up with a bad arm."

"Wilson now has a simple windup, and he's throwing strikes."

The seven-year veteran is throwing strikes so well he's won seven straight games in the past 31 days.

In other American League games, Kansas City defeated New York 4-1, Minnesota trimmed Washington 3-1, Cleveland downed Chicago 6-2 and Boston edged California 7-6.

In the National League, Pittsburgh whipped Houston 8-2, San Francisco crushed Philadelphia 7-1, New York walloped Los Angeles 10-4, Cincinnati trimmed St. Louis 6-4 and Chicago beat Atlanta 5-3.

For his latest victory, Wilson needed ninth-inning relief from Orlando Pena, who put down a bases-loaded threat. The Tigers, however, had built a lead on homers by Jim Northrup, Al Kaline and Norm Cash. Brooks and Frank Robinson connected for Baltimore.

Kansas City's John Odom pitched a one-hitter, allowing New York only a second-inning double by Roger Maris. Jim Gosger drove in two runs for the Athletics with a fifth-inning single, one of 11 hits off Mel Stottlemyre, now 11-16.

Jimmie Hall rapped a two-run single in the sixth inning that proved decisive for Minnesota. Jim Merritt held Washington to five hits, one of them Fred Valentine's seventh-inning homer.

Max Alvis propelled Cleveland to its victory over Chicago, slamming a two-run homer in the second. It was the first Indian homer in Chicago this season. Larry Brown added a two-run single in the Cleveland fourth.

Boston erupted for five runs in the sixth inning, wiping out California's 6-2 lead. Carl Yastrzemski, who singled home a first-inning run, put the Red Sox ahead 7-6 with a two-run homer. Paul Schaal and Jose Cardenal homered for the Angels.

Giants Win, Keep Tie for the Lead

Herman Franks is mad at a writer, Willie Mays is mad at a pitcher and the Phillies are mad at Jim Hart.

Hart busted up what had been a relatively close game between San Francisco and Philadelphia Tuesday night with a three-run homer in the eighth, sending the Giants to a 7-1 victory and keeping them tied with Pittsburgh for first place in the National League.

Giants Manager Franks, in the meantime, expressed his keen displeasure with a reporter who had written that Herman was making the club jittery. In fact, Franks refused to hold his post-game interview until the culprit had been banished from his presence.

Mays, however, was more than willing to talk about Phillie pitcher Rick Wise who decked Willie with a tight pitch early in the game.

"That stuff won't get you anywhere," Mays said. "If he had come up again, we would have brushed him. The pitchers know it. We take care of ourselves."

With Hart and Tito Fuentes providing the punch, the Giants took very good care of themselves indeed Tuesday. There was Hart's 30th homer, Fuentes' fourth, sparkling play in the field and tight pitching from Bob Bolin and Frank Linzy.

Elsewhere in the National League, Pittsburgh downed Houston 8-2, New York crushed Los Angeles 10-4, Cincinnati took St. Louis 6-4 and Chicago beat Atlanta 5-3.

In the American League, Kansas City beat New York 4-1, Minnesota took Washington 3-1, Detroit edged Baltimore 5-4, Cleveland defeated Chicago 6-2 and Boston edged California 7-6.

The Giants took a 3-1 lead into the eighth and only fine glove work by Fuentes, Bolin, McCovey and Mays kept the Phillies' total that low.

Willie Stargell's bases-loaded single drove in two runs in a five-run fourth inning for Pittsburgh as the Pirates kept pace with the Giants. Roberto Clemente drove in his 96th run of the season, a personal high. The defeat snapped Houston's win streak at six games.

The Dodgers fell two games off the lead as the Mets got to Sandy Koufax for five runs in the third inning. Koufax, now 22-8, walked three men in the second inning and forced in a run. Jerry Grote doubled in a pair for the Mets in the third.

Cincinnati extended its win streak to seven games as Pete Rose hit two home runs and Deron Johnson hit his third in two days and 20th of the season.

Ernie Banks provided the Cub muscle with a three-run homer in the third inning. Hank Aaron spoiled Ken Holtzman's shutout with a three-run homer in the seventh. It was his 36th of the season and pushed his RBI total to 102, marking the eighth season Aaron has driven in 100 or more runs.

The weatherman promised ideal conditions — sunny, temperature around 90 and no wind.

The first horse to win two heats is declared champion. The first heat opens at 3 p.m. EDT with others spaced at four intervals.

Most observers look for more than two heats and possibly a fourth to decide the winner. If three different horses take the first three panels, the trio returns for the deciding fourth race-off.

The appearance of four nearly equally rated horses makes the race unpredictable. They include:

Carlisle, No. 7 post position, 3-1 unofficial odds — driven by Billy Houghton seeking his first Hambletonian triumph and owned by Lloyds, Miller and Hemht, New York and Pennsylvania.

Kerry Way, No. 4, 7-2 — Frank Ervin, Gainesway Farm, Lexington, Ky.

Bobcats Rate Over Badgers by 12-0 Tally

LITTLE ROCK (AP)—Arkansas high school football teams launch another season Friday night, an act that triggers the fearless, though often futile, prediction columns.

Much of the statewide interest fill fall on Fort Smith where ambitious Van Buren, a Class AA power, attempts to upset perennial powerhouse Fort Smith Northside, ranked No. 2 in the Associated Press preseason poll.

The Pointers have been aiming for this one for a long time, but Northside should win. Northside 14-7.

Jacksonville at North Little Rock — The Wildcats, ranked No. 1 in the pre-season poll, appear a cinch victor in this one, but Coach Ken Stephens says his boys have shown little pep and fire in workouts, a fact that bothers him. The Red Devils have plenty of experience, but they aren't ready for this one yet. North Little Rock 27-7.

Little Rock Central at Texarkana — This is a big one for both teams since each figures as a darkhorse in Class AAA divisional races. This one could go either way, but relying on tradition, make it Central 20-13.

Harrison at Forrest City — This is the feature Class AA battle in the state, drawing together strong contenders for regional honors. Harrison is expected one of its finest teams in history while Forrest City is one of four teams considered strong enough to win the II-AA race. The Gobblins should win if they aren't looking ahead to next week's encounter with North Little Rock. Harrison 20-14.

Last year's final tally was 226-70-21, a .746 percentage.

Elsewhere around the state, here are the forecasts for season opening games, with home teams in caps:

SOUTHPORT, England (AP) — If Doug Sanders wins the \$200,000 Carling Golf Championship opening today on Royal Birkdale, those who lost can blame it on television.

"I wouldn't even be here, if it were not that I have to do a television golf show in Britain," the 33-year-old Sanders said, as he managed only one round of practice before the 72-hole medal play started.

"It's too far to come for one tournament at this time of the year and I suppose that is why some did not make it."

The biggest total purse in the golf world failed to attract Arnold Palmer, Jack Nicklaus and Gary Player, but with Sanders, U.S. Open champion Bill Casper, Gay Brewer and Phil Rodgers on hand the tournament had four of the top six money winners in America.

Casper has racked up \$113,000 this year and is 4-1 favorite to win the tournament. Sanders has won \$70,000 officially and another \$20,000 in unofficial purses. He stands at 6 to 1 along with Rodgers.

Included in the tournament are 90 Americans, 25 Britons and golf stars from Europe, Latin America, Australia, Asia and Africa.

The women's seed has Billie Jean King, Long Beach, Calif., No. 1, followed by Maria Bueno, Brazil, and Nancy Richey, San Angelo, Tex.

The tourney at the West Side Tennis Club runs through Sept. 11.

TOP-HEAVY BATBOY Cris Larson of Northbrook, Ill., ran into a little trouble at the American Legion World Series at Orangeburg, S.C. He quickly discovered stacking all his team's hardhats on top of his own head wasn't the easiest way to keep equipment in order as well as handy.

Stolle Does Not Like the Seedling

By BOB GREEN
Associated Press Sports Writer

FOREST HILLS, N.Y. (AP) — Australian Fred Stolle was grumbling about the seedings and Dennis Ralston was hinting about retirement today as they prepared for the opening round of the U.S. Lawn Tennis Association Championships Thursday.

But each of them may change their minds.

Stolle, the French champion this year and runner-up at Wimbledon a year ago, was not listed among the eight seeds and felt he had been overlooked.

"This is the first time I haven't been seeded in five years," Stolle grumbled. "I'm not in quite as bad a slump as some people think. I think I'm playing as well as ever. I've done pretty well in most tournaments this year."

He and Roy Emerson, the No. 2 seed behind defending champion Manuel Santana of Spain, just won the U.S. doubles title in Brookline, Mass., knocking off Ralston and Clark Graebner.

Ralston, from Bakersfield, Calif., is No. 3 seed and Graebner, Beachwood, Ohio, is No. 7. Stolle admitted, however, that his unseeded role probably would make him more relaxed.

He opens against outsider Theodore Gorsk of Fort Worth, Tex., and doesn't figure to have a major match until the fourth round. His opponent then probably will come from the quartet of Mexico's Rafael Osuna, Ronnie Barnes of Brazil, Marty Mulligan of Australia or Ralston.

Ralston, 24 and the chief hope in America's Davis Cup plans, said after he and Graebner had been beaten in Brookline that he is seriously considering semi-retirement after this year.

"This is the last of the long tour deals for me," Ralston said. "Next year I may play in only a few tournaments. I'm still trying to decide. It's more than likely that I'll go back to school and finish."

He has a year to go for a degree at Southern California. A victory at Forest Hills, however, or a triumph in the Davis Cup could change his mind.

The women's seed has Billie Jean King, Long Beach, Calif., No. 1, followed by Maria Bueno, Brazil, and Nancy Richey, San Angelo, Tex.

The tourney at the West Side Tennis Club runs through Sept. 11.

Bellino and Others Feel Football Ax

By MIKE RECHT
Associated Press Sports Writer

Joe Bellino, former All-American and Heisman Trophy winner who ran Navy into the Orange Bowl in 1961, is just another Joe today. He and his football cleats and his trophy are all on the shelf.

The Boston Patriots of the American Football League seem to have brought down the flashy back for the final time when they asked waivers on him Tuesday, a day that sent many others to the sidelines in the AFL and the National Football League.

NFL teams had to be down to the 43-man limit by midnight Tuesday and AFL teams, preparing for their 40-player maximum later in the week, also lowered the ax.

Bellino, 28, who entered the Navy for four years after his college career, was hampered by injuries last season when he began his try for a comeback as a runner and flanker with the Redskins.

The Redskins also obtained the rights to rookie fullback Kantor from the Philadelphia Eagles for a future draft choice.

Sen. Murphys Is Doing Better

HOLLYWOOD, Calif. (AP) — Sen. George Murphy, R-Calif., who underwent surgery Aug. 25 for removal of a growth from his vocal chords, is recovering rapidly and will leave the hospital Wednesday, his son Dennis said Monday.

The son said studies of the tumor disclosed a slow malignancy, in its earliest stages. He said surrounding tissue was per-

Faith Roars and Denies Experiment

MIAMI, Fla. (AP) — Hurricane Faith roared in the open Atlantic today on a path that denied scientists another extensive and delicate attempt to dilute her fury.

Unless Faith veered sharply to the east and slipped into the target area for seeding, scientists halted plans of Project Stormfury to tame her wild 120-mile-an-hour winds by bombarding her with silver-iodide crystals.

Forecasters continued to predict a northwesterly or a northerly course for the season's sixth tropical storm. That would mean that anxious scientists will have to wait for another hurricane to carry out the plan.

Advisories throughout Tuesday indicated that the center of the storm was too close to land for the experiment.

At 11 p.m. Hurricane Faith's center was located by reconnaissance aircraft about 430 miles east of Cape Kennedy, Fla.

Early today, Hurricane Faith's center was located by reconnaissance aircraft about 450 miles east of Daytona Beach, Fla.

Her main threat was to small craft along the South Atlantic Coast, around Bermuda and the northern Bahamas. Mariners in those areas were warned not to venture far from shore.

Besides 120-mile-an-hour winds near the center, Faith spun out lashing gales for 500 miles.

Seeks a Stay of Execution

ST. LOUIS (AP)—William L. Maxwell, who is scheduled to die in Arkansas' electric chair Friday, asked the 8th U.S. Circuit Court of Appeals Tuesday for a stay of execution.

Maxwell was convicted in Garland County in connection with the rape of a white woman in April 1963. Maxwell, a Negro, charged in his appeal that there had been "discriminatory application of the death penalty," in his case.

U.S. District Judge J. Smith Henley of Little Rock refused last week to stay Maxwell's execution.

Thinks GOP Moderates to Be Strong

By JACK BELL
WASHINGTON (AP) — Two GOP senators expressed confidence today that Republican moderates will increase their party strength as a result of the November elections.

Sen. Jacob K. Javits, R-N.Y., and Thomas H. Kuchel, R-Calif., said in separate interviews they do not believe the outlook is quite as gloomy as it was painted in a report of the Council of Republican Organizations.

The CRO, representing 10 progressive organizations, said Tuesday night that with things going as they are Barry Goldwater might be right in predicting that party conservatives will control the 1968 GOP convention, just as they did in 1964.

The CRO said that moderates are leaderless, lack financing and are being silenced by party "unity" efforts on the part of National Chairman Ray C. Bliss and Richard M. Nixon, the 1960 GOP presidential nominee who may try again.

"We are just coming on the season when something can be done to restore moderate control of the party," Javits said. He added that the necessary preliminary to this "is to elect some Republican moderates to office. I think that is going to happen in New York, Michigan, Pennsylvania, Massachusetts and Kentucky, for example."

"Instead of the next convention's looking like that of 1964, I think it is going to look more like that of 1952, when the moderates defeated the conservatives with the nomination of Gen. Eisenhower."

Kuchel said he is satisfied a majority of rank-and-file Republicans are the kind of moderates who supported Eisenhower's programs enthusiastically and will make their weight felt at the polls.

The CRO said conservatives already have started "national promotion" for Ronald Reagan, GOP candidate for governor in California, as a potential 1968 presidential nominee. Kuchel has yet to say whether he intends to support Reagan in his state race.

At Gettysburg, Pa., former President Dwight D. Eisenhower spent a half an hour Tuesday discussing domestic and foreign issues with GOP candidates.

Among those who attended the brief seminar were Howard W. Baker Jr., Tennessee senatorial nominee; Sen. Robert P. Griffin, seeking an elective term in Michigan, and state Sen. Dewey Bartlett, nominee for governor in Oklahoma.

Fantastic Kill of Mosquitoes

CORPUS CHRISTI, Tex. (AP) — Dr. R. W. Metzger, city health director, says Corpus Christi had a "fantastic kill" of the encephalitis-bearing culex mosquito from spraying with an insecticide.

"We have two experts out looking for the female culex mosquito and they can't find any," he said Tuesday. "We can assume we have broken the back of the epidemic."

Wanted to Emulate Kennedy's Slayer

SYDNEY, Australia (AP) — A 19-year-old factory hand who said he wanted to emulate Lee Harvey Oswald was sentenced to life imprisonment today for shooting the leader of Australia's opposition Labor party.

The youth, Peter Raymond Kocan, pleaded guilty to wounding Arthur Calwell with intent to murder him.

A psychiatrist said Kocan had the fantasy of ending his own life in "circumstances similar to the death of Oswald, who was shot while he was being held for the assassination of President John F. Kennedy."

Chinese Rip All Things Foreign

By WILLIAM L. RYAN
AP Special Correspondent
"These are unusual days in Peking," said the Soviet Communist party paper Pravda in one of the year's ranking understatements.

With disarming suddenness, the Russians found out just how unusual. The Soviet charge d'affaires in Peking set out Aug. 21 from his embassy on the Street of Growing Prestige for a routine courtesy call on a visiting African dignitary. He never made it.

The car, flying the Soviet flag, was halted by a barricade in the form of a giant portrait of Mao Tse-tung. To the diplomat's astonishment, posters proclaimed that the street name had been changed to Struggle Against Revisionism. Revisionism is the Chinese epithet for Soviet communism.

While police looked on approvingly, teen-age mobs in semimilitary uniforms and red armbands surrounded the Soviet

car, howling quotations from Mao's works. The diplomat turned back to his embassy.

That was the beginning of midsummer madness which broke over old China with the suddenness of a summer storm. A day before, the press carried orders from Chen Po-ta, newly a full Politburo member and chief of the purge known as "the great proletarian cultural revolution." To teen-agers — members of the "Red Guards" and the "Red Flag Fighting Teams" — Chen addressed the exhortation: "To guarantee that our fatherland will never change color, smash all kinds of monsters."

The youngsters were told to "raise the iron broom and make a clean sweep of names, customs and habits representing the ideology of the exploiting classes."

The youngsters smashed "Monsters" with a vengeance. Admiringly, the party press likened the shenanigans to a Mao poem which goes: "The golden monkey wrathfully swung his massive cudgel and the firmament was cleared of dust."

The iron broom whisked across China, sweeping at all things smacking of the foreigner or the past.

Stores were ordered not to sell

perfumes, scents, face creams or other cosmetics because all that "served the bourgeoisie" in the past. Cosmetics were replaced in stores by harsh scrubbing soaps.

Toy watches and other toys were removed from stores because these "cultivate bourgeois and revisionist habits in children."

A druggist in Nanchang was forced to rename his shop "Down With The Bourgeoisie Drugstore." In the same town there are also, now, a "Red Heart Drugstore," an "East Wind Food Store" and an "Anti-Revisionism Photo Studio."

In Shenyang, happiness was decreed a capitalist sin. A candy store was ordered to drop "happiness" from its name because, said the Red Guards, "We will not let them continue to pour out such poison."

Named to Race Commission

LITTLE ROCK (AP) — Dr. Porter Rodgers of Searcy Wednesday was appointed to a five-year term on the state Racing Commission.

Rodgers succeeds Dr. Edwin Dunaway, whose term expired. The office of Gov. Orval Faubus announced Rodgers' appointment to the term which ends Jan. 14, 1971.

Rail Merger Hearing Delayed

CHICAGO (AP) — A hearing into a proposed merger of the Rock Island and the Union Pacific railroads was recessed Tuesday until Sept. 21.

The Interstate Commerce Commission hearing began May 4. The Union Pacific's attempt to consolidate with the 7,800-mile Rock Island is opposed by the Chicago and North Western Railway, which also seeks to acquire control of the line.

ICC Examiner Paul Albus announced the recess after cross examination of Rock Island's chief traffic officer, Albert Hatcher. His testimony dealt with a traffic study on the potentialities of the Rock Island and Union Pacific if the merger is approved.

Crash Landing

RHINEBECK, N.Y. (AP) — A pilot flying a nearly half-century-old plane made a crash landing during an airshow here and walked away with only minor cuts.

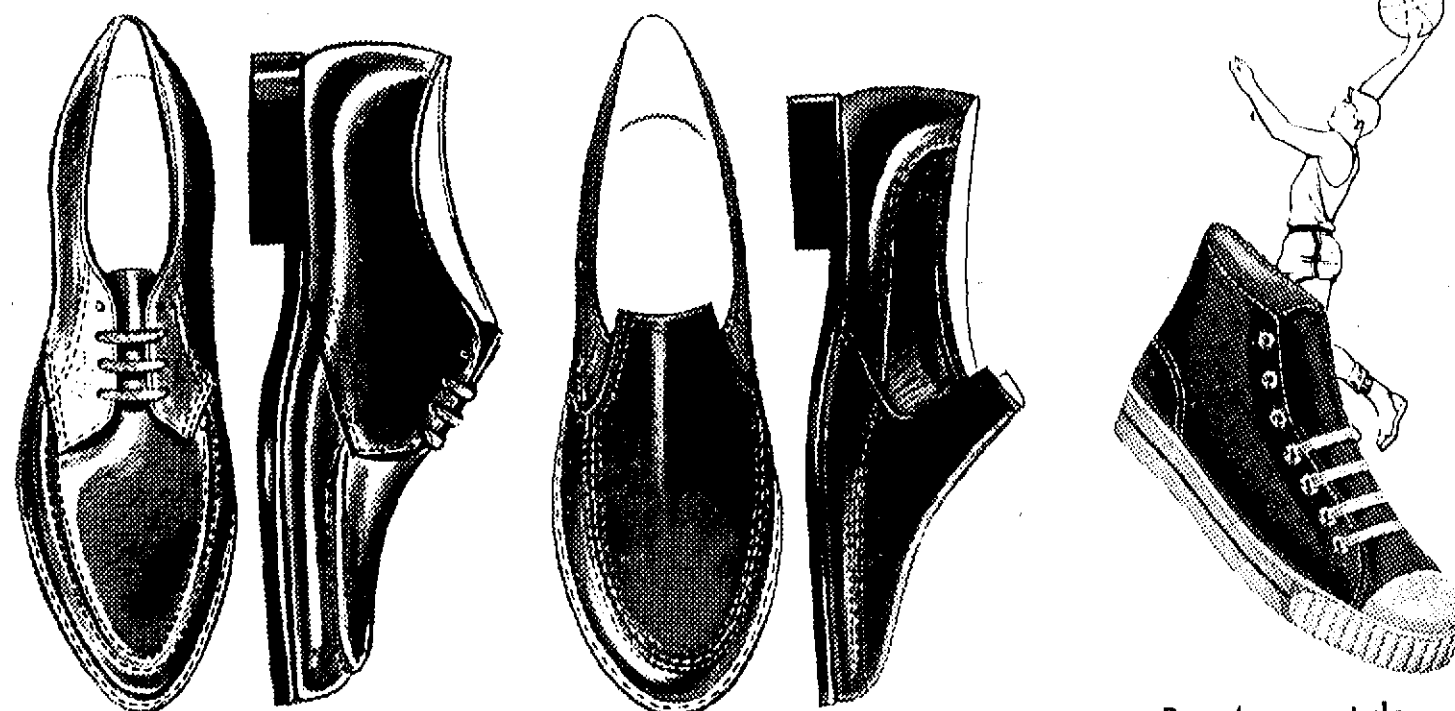

Paul Richards, piloting a 1918 Sopwith Snipe, was coming for a low pass when the engine quit and the plane, smashed into the ground nose first.

THE DOCTOR SAYS
Elastic Wrap: Stopgap Aid for Ailing Veins
By WAYNE G. BRANDSTADT, M.D.
Newspaper Enterprise Assn.

Q—After my first pregnancy I developed varicose veins. With each succeeding pregnancy I had to wear an elastic stocking. If I wear one now will it keep the veins from getting worse? Is it better to have varicose veins injected or removed?

A—Support of the weakened veins with an elastic stocking or a roller bandage with an elastic weave will neither cure your varicose veins nor prevent them from getting worse. If properly applied they will act as a temporary stopgap. Put it on before you get out of bed in the morning. While doing so keep your leg elevated above the rest of your body. The support should reach from your toes to just below your knees.

Such complications as leg ulcers, infection and the breaking loose of clots which may lodge in vital organs and obstruct their circulation may result when varicose veins are neglected. For this reason a permanent cure should be sought.

Injecting these veins with a clotting substance puts them out of circulation. After that they become scar tissue. Some surgeons disapprove of this method of treatment but if the clotting agent used is tetradecyl sulfate and if the operation is performed in the early stages of the disease the results may be satisfactory.

Removing the vein is the treatment that is most likely to cure the condition and is preferred by most surgeons.

Jim says: "Here is a simple but very instructive hand. North's double of two hearts was for takeout. He had excellent support for either spades or clubs and did not see any reason to give up merely because his partner had been unable to bid over East's heart overcall."

Oswald: "The interesting feature of the bidding is South's jump to three spades. He reasons that North has shown willingness to play at two spades even if South holds four little spades. Hence, South promotes his spade suit to jumping strength."

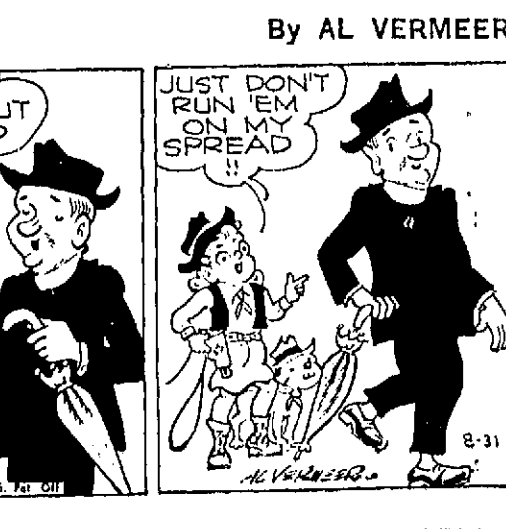

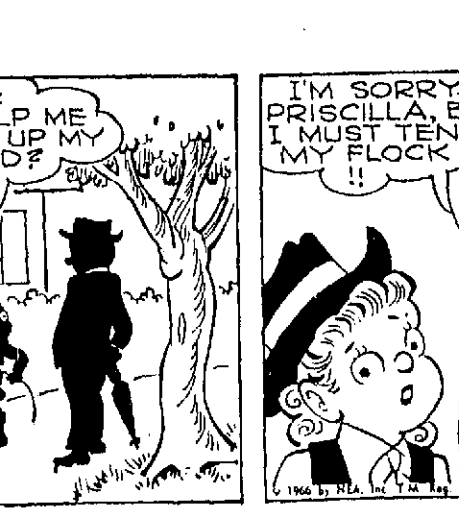

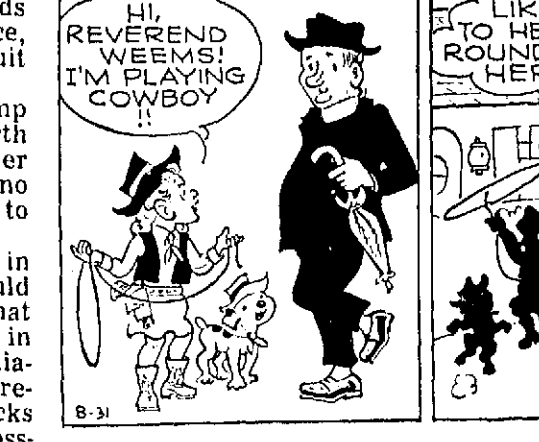

Jim: "Without South's jump it is doubtful whether North would be able to find another bid. With it North has no worries about going on to game."

Oswald: "The first point in the play is that West should open a trump. He can see that North is going to be short in hearts and South short in diamonds and should try to reduce the number of tricks that could be won by a cross-ruff."

Jim: "If West happened to open a trump, South's bidding would not have been successful. The defense would get a chance to lead a second trump some time or other and South would be held to seven trump tricks and two diamonds."

Oswald: "West did open the deuce of hearts. East won with the king and shifted to a trump but the shift came too late to keep South from making his contract."

Jim: "South had an easy way to throw the game away. Had he played the six of spades on the trump lead it would have been just too bad for him. However, South was careful to play a high spade in order to hold the trick in his hand. Then he ruffed a heart in dummy, cashed the two high diamonds and cross-ruffed the rest of the way to his ten tricks."

It was only a few years ago that the words "juvenile delinquency" were the rage of the age. An indictment of society, we said, this younger generation. Nowadays, the topic is less frequently stressed. It may be the emphasis has worn in with time or that attractions have been diverted to racial tensions, labor disputes, inflation, dangers or other pressing issues. But then again, it may be that there is a change of motivation in living for America's youth. A recent advertising agency's research profile of young people says that the "delinquency image" is dead and that the teenager now seeks glory in nobility, exhibiting the desire to turn the world into a better place, to become someone very important, and to do great things. The study indicates that whatever the judgment upon the causes for which young people are fighting, there is no question that they are fighting for causes today and they did not do so yesterday. "Teenagers who want to be 'in' today are beginning to want to be heroes."

The ad agency research believes that current attitudes have refused to glorify youth and failed to understand the importance of glory (and responsibility) as a reinforcer. "Young people are both starved for it and unaware that it exists. When they get a taste of it, their attitudes and images will change fundamentally."

Who created the delinquent image? The report blames a combination of market-makers and preacher-teachers who happened to be in phase after World War II. The report brochure says that the two sides of the image-making equation, the profit-making marketplace and the non-profit agencies of society, happened to get together to promote a single image, and went overboard to produce the image of the teenager as a delinquent. Although a brighter picture may soon be coming into focus, local authorities at the New Orleans Police Department's juvenile bureau point out that the optimistic developments are yet to be felt here. While the number of juveniles arrested has increased, the number of offenses has increased even more — meaning that repeat performances of violators are accelerating.

Nonetheless, there may be hope that a reversal in images will result in a changing pattern of youth motivation. Dr. Charles W. Slack, an authority who works with and among young people and on whom the ad agency's research heavily relied, says, "Youth will seek glory if it knows it is there. . . . Teenagers will turn their aspirations toward more constructive and important things in life." — New Orleans (La.) Times-Picayune.

Negroes Say Boycott Is Effective

MARVELL, Ark. (AP)—The Student Nonviolent Coordinating Committee claimed Tuesday that only about 250 Negro students attended classes as a second day of boycotting began at the Marvell School District. SNCC said Monday that only about 300 of the estimated 1,800 Negro pupils attended classes. School Supt. G. C. Cowser declined again Tuesday to comment on the SNCC statements, but at one point told a reporter, "You don't help education by keeping 1,500 students out of school."

SNCC said the boycott was called because the district had refused to adhere to the 1966 guidelines of the 1964 Civil Rights Act. The civil rights group said Cowser had refused to send freedom of choice forms to Negro parents so they could designate what school their child would attend.

Interest Rate Is Political Controversy

WASHINGTON (AP)—The issue of mounting interest rates and their effect on the nation's economy is churning toward House action on a wave of political controversy. A vote may come early next week.

The House Rules Committee cleared the way Tuesday for House votes on two proposals designed to limit certain interest rates.

The sponsor of one of the bills, Rep. Wright Patman, D-Tex., said the public is demanding "to know who in Congress is against high interest rates." He said the question "is sure to become a burning issue" in the November elections.

House Speaker John W. McCormack said the interest legislation will be scheduled for early House action, probably next week.

In other developments: —Sen. Russell B. Long, D-La., introduced a bill to suspend indefinitely the 7 per cent investment tax credit given businesses on outlays for plans and equipment. He said he hoped the measure would lead to a reduction in interest rates.

—The Federal Home Loan Bank Board reported interest rates on conventional home mortgages reached another record during July. The average rate on new homes was 6.12 per cent, up from 6.07 per cent in June, while the average on existing homes rose to 6.24 per cent, compared with 6.18 per cent in June.

At the Rules Committee hearing Tuesday, Undersecretary of the Treasury Joseph W. Barr indicated the possibility of a tax increase to fight inflation.

"We can't rely on monetary policy much longer," he said. "We have followed a policy tending toward restraint. It may not be enough."

Barr appeared before the committee to support a Treasury-backed bill that would give the Federal Reserve Board flexible powers to fix maximum interest rates on deposits.

The other measure introduced by Patman, House Banking Committee chairman, would fix a 4.5 per cent interest ceiling on deposits of up to \$100,000 left in a bank for a fixed time.

Patman argued giving the Federal Reserve Board discretion on interest rates "would leave the terrible situation in the same hands which caused it." He contends the board's actions are responsible for the present tight money situation.

The Rules Committee decided Patman's bill will be considered by the House, but also said a vote on substituting the administration bill will be allowed.

DeGaulle in Talks With Cambodians

PHNOM PENH, Cambodia

(AP)—President Charles de Gaulle and North Viet Nam's top representative in Cambodia discussed the Viet Nam war today at a 35-minute private meeting.

After the talk the Hanoi representative, Nguyen Thuong, expressed his pleasure at having met De Gaulle but would give no indication of what transpired.

A French spokesman said the initiative for the meeting "came from both sides." He said the French president wanted to inform himself from a direct source of Hanoi's attitude in the Vietnamese war.

Thuong arrived in Phnom Penh Aug. 25. His meeting with De Gaulle was "prepared" before the president began his round-the-world trip, a spokesman said.

Thuong formerly was ambassador to Guinea and secretary-general of the North Vietnamese Foreign Office. He is believed to be high in the conduct of Hanoi's foreign affairs.

There was no indication that the talk would produce any move toward peace negotiations.

De Gaulle has sent two diplomats to Hanoi within the past year to sound out the North Vietnamese but neither mission produced any major results.

De Gaulle talked briefly with Thuong this morning at a diplomatic reception in the red and gilded throne room of the royal palace.

De Gaulle, who arrived here Tuesday on his round-the-world tour, also held political talks with Cambodian officials. He and Prince Norodom Sihanouk, the Cambodian chief of state, also called on Cambodian Queen Mother Kossamak.

After the diplomatic reception, Sihanouk named De Gaulle honorary supreme general of the royal Cambodian armed forces and presented him with a silver baton.

In Bangkok, capital of neighboring Thailand, Thai officials termed as "pure fabrication" Prince Sihanouk's charge that 250 men had been trained and armed in Thailand to cause disorders in Cambodia during De Gaulle's visit.

Suit Attacks School Policy

LITTLE ROCK (AP)—A lawsuit filed Tuesday in U.S. District Court here attacks the New Edinburg School District's policy of transporting Negro pupils to the J. E. Wallace (Negro) High School at Fordyce.

L. T. Marks filed the suit on behalf of his two high school sons and other Negroes who want to attend school on a non-racial basis.

Superintendent H. O. Spaw Jr. said that only 11 Negroes submitted freedom of choice forms to attend the New Edinburg school this fall, and all the requests had been granted.

Michigan City Wants Guard Protection

By THE ASSOCIATED PRESS
Michigan Lt. Gov. William Milliken has been asked to send National Guardsmen into Benton Harbor after the wounding of a Negro youth that climaxed two straight nights of racial violence.

Benton Harbor Mayor Wilbert Smith made the request today as he declared a state of emergency.

Police said shots fired by two white youths in an auto wounded a Negro Tuesday night after a line of police had driven a rock-throwing march back to its starting point.

Police said the victim, Cecil Hunt, 18, of Benton Harbor, was hospitalized in serious condition.

The shooting came after an unruly crowd of about 300 Negroes marched into a downtown area, throwing rocks and bottles at police and newsmen. The shots were fired after the crowd had been forced back into a Negro section and was beginning to break up into smaller groups.

During the march 14 persons were arrested for disorderly loitering. One Negro, who led the march for a short time, said the demonstration was to focus attention on what he called a lack of recreational facilities.

At Waukegan, Ill., where a 7:30 p.m. curfew was again imposed, eviction proceedings were initiated against a public housing tenant who was arrested during recent rioting.

Mayor Robert Sabonjian, saying people should not be allowed to use public housing as an arsenal, ordered David Kinder, 24, evicted.

Sabonjian talked to 32 Negro leaders during the day, and a rally of 150 NAACP members heard the Rev. H. J. Cook say, "I believe we have made a step towards a workable means by which we can solve the problems." He said the problems include segregation in housing and schools and job discrimination.

Committee Questioning News Policy

By HARRY KELLY

WASHINGTON (AP)—Arthur Sylvester, Defense Department information chief, goes before a Senate committee today for questioning on whether he attempts to use news as a weapon in the Viet Nam War.

The Senate Foreign Relations Committee hearing promised to fan the coals of the government news management dispute.

Sylvester has been a key figure in the dispute. He was a major factor in launching the controversy when he acknowledged after the 1962 Cuban missile crisis that the Kennedy administration controlled news of government actions as a weapon to force the dismantling of Russian missile bases.

Sylvester told a reporter then, "In the kind of world we live in, the generation of news by actions taken by the government becomes one weapon in a strained situation. The results, in my opinion, justified the methods we used."

Sylvester's words were recalled when the committee looked two weeks ago into the propaganda front of the Viet Nam War.

CD Receives Equipment

CONWAY, Ark. (AP)—Stewart K. Prosser said Tuesday that a shipment of 126 tone-controlled radio receivers and 17 tone encoders (generators) has been received at state Civil Defense Headquarters here.

Prosser, state Civil Defense director, said the balance of the order of 667 receivers and 70 encoders is expected within 60 days and that the state warning system should be installed by mid-October.

In time of a national or state emergency, the encoders would activate the tiny receivers which would carry a warning broadcast. The receivers will be distributed to Civil Defense and county officials in 60 counties participating in the statewide warning system.

Powell Proposes \$95 Billion for Negroes, Would Retire Shriver

WASHINGTON (AP)—Rep.

Adam Clayton Powell proposed today a \$95-billion, 10-year campaign "to raise black Americans" to full equality — and said there is no room in his plan for Sargent Shriver, antipoverty program director.

Powell suggested that a man like Secretary of Defense Robert S. McNamara or Secretary of Labor W. Willard Wirtz be put in charge of an economic equality drive linking the war on poverty, manpower retraining and economic development.

The Negro congressman said Shriver should resign as head of the Office of Economic Opportunity, perhaps to become undersecretary of state. Shriver said through a spokesman two days ago he does not intend to resign.

In testimony prepared for a Senate subcommittee investigating the problems of American cities, Powell said the government should have one official with authority "to mobilize all of the federal power, all of the federal programs and all of the federal funds on a coordinated, singular assault on the root causes of racial discrimination."

He said those roots are discrimination in employment, education and housing.

Spending on manpower retraining, economic development and poverty fighting programs should be doubled to \$6 billion a year, Powell said, and coupled with a \$3.5-billion-a-year campaign to wipe out Negro slums. This would total \$95 billion in 10 years.

"I think we can afford to do no less than we are doing around the world for other people to raise black Americans within the next 10 years to the identical economic, educational and political levels of white Americans," the New York Democrat said.

Fulbright's Proposal Fails

WASHINGTON (AP)—Sen. J. William Fulbright, D-Ark., made two unsuccessful attempts in the Senate Tuesday to set limits on the \$5 billion Food for Peace program for the next two calendar years.

Fulbright sought an amendment to limit the program to one year and thus hold its total to \$2.5 billion for that period, but the Senate rejected the proposal 63-11.

The Arkansas Democrat sought to limit to \$1 billion the authorization for the two years on the sale of U.S. farm products for soft foreign currencies or 20-year dollar credits. This proposal was rejected 61-12.

Majority leader Mike Mansfield, D-Mont., put off until today final Senate passage of the bill.

But, said Faubus, Jim Johnson "has some work to do to completely solidify all the Democratic leadership and Democratic voters throughout the state."

Faubus said in an interview that he had heard reports from around the state that some former Democrats were turning this year to the Republican nominee, Winthrop Rockefeller. He said it is also possible that some Republicans may support Johnson.

Johnson's nomination brought numerous reports of a split in the Democratic Party ranks and Johnson told a news conference last week that he had been working with Party.

The Medical Center's board of trustees had suggested such a move previously. The convention contributes \$85,000 to \$100,000 a year to the medical center, which is only about one per cent of the total cost.

The executive board's recommendation will go to the annual meeting of the convention to be held here in November. Other recommendations which the board adopted Tuesday included:

— A budget of \$2,366,092 for the medical center, Ouachita Baptist University at Arkadelphia, Southern Baptist College at Walnut Ridge and Arkansas Baptist Home for Children at Monticello.

— A proposal by Dr. Ralph Phelps, Ouachita president, to sell up to \$2 million worth of bonds to underwrite additions and new construction at the university.

Planes Knock Out 2 More Enemy Boats

By ROBERT TUCKMAN

SAIGON, South Viet Nam (AP)—U.S. Navy planes pounced on two more North Vietnamese torpedo boats in the Gulf of Tonkin today, knocking out one and damaging the other, the U.S. command announced.

The attack ran up the score for the carrier-launched bombers to three PT boats destroyed and three damaged since Monday.

Other U.S. pilots reported knocking out a surface-to-air missile site 40 miles north of Vinh and hitting another SAM site only five miles west of Haiphong.

In South Viet Nam, a week-long lull in the war persisted. No significant action was reported by either the U.S. military command or South Vietnamese headquarters.

However, government officials expected increased Viet Cong efforts to disrupt the Sept. 11 election of a constituent assembly. Informal sources said more than 100 incidents had been reported throughout the nation.

Policemen shot and killed a suspected Communist agent who tried to flee when he was caught tearing down election posters in Saigon Tuesday night.

The relentless air offensive against the North cost the Americans another plane today. A U.S. spokesman reported a Navy reconnaissance RF8 Crusader went down eight miles southeast of Haiphong. The pilot bailed out and was rescued by a helicopter in 22 minutes, the spokesman said.

It was the 348th U.S. plane reported lost over North Viet Nam.

Baptist Group May Sever Ties

LITTLE ROCK (AP)—The Arkansas Baptist State Convention's executive board voted Tuesday to recommend that the convention sever its ties with the Arkansas Baptist Medical Center.

This would enable the hospital to get federal aid without violating the Baptist creed of separating church and state.

The Medical Center's board of trustees had suggested such a move previously. The convention contributes \$85,000 to \$100,000 a year to the medical center, which is only about one per cent of the total cost.
